Birdy's Family

Little Birdy lives in a beautiful house with all his brothers and sisters.

They have divided all the things that need to be done around the house
and Birdy is in charge of taking care of the garden and the veggies,
so there is always something to eat!

Birdy Wakes Up

Every day when Birdy wakes up, his AI assistant, Leo, informs him about the different tasks to be accomplished during the day.

Looking at the Map

Before he gets out of the house,
he always has a look at the
map of the Universe.

He likes to know the
different stops that he
will need to make upfront.

Birdy greets Dr. Octopus

Birdy has little memory and he always goes first to greet Dr. Octopus.
She is the wise mind of the universe and she knows everything.

If you ever get lost, come and say hi!
She will know how to show you the right way.

Birdy meets Mr. Owlie

Mr. Owlie is the housekeeper of the Republic.

He doesn't do much during the day, apart from staying at the reception desk and waiting for people to come for visit. But he knows everything and everyone in the Republic, so if you ever need to do anything around there, you'd better talk to him first!

He has a little secret: he doesn't like veggies at all!
So he makes sure not to touch them ever and let the others do the hard work.

Birdy helps Miss Bee

Miss Bee loves gardening and veggies. She is very hard working and spends her days doing all kind of things to make her garden the most beautiful in the Universe.

Oh, and she also makes the most delicious honey!

Birdy knows her since a long time and they are best friends. They enjoy their time playing together, not only in the garden, but also around the whole universe.

Birdy visits Mrs. Doris

Mrs. Doris is the librarian of the Republic.
You will find her writing stories all day long or reading one of her thousands books.

Everyone has a little secret in this Universe:
Mrs. Doris likes to look super pretty all the time!

Birdy comes back home

Back home, Leo is already waiting for Birdy.

He makes sure that all the broccoli is good enough to be cooked.
In the kitchen is all set to start preparing lunch!
